(Avril 2014)

Young ruby red nuance, intense nose that offers new oak, vanilla, red fruit confiture, the palate has a medium weight with red fruit, cherry, cassis and herbal notes, medium to long finish, a bit restrained, should get 2-3 more years in the cellar to soften.

Quite dominated by oak at present; on the nose dark fruit; full but rather extracted on the palate, pleasing fruit but tannic with medium length – it really needs some time to soften, today rather dry on the finish.

Dark purple red with violet hue and almost black center. Intense oak influence slightly dominating the fruit. On the palate slightly lighter structure but elegant aroma. Medium weight and length.

Dark purple red with violet hue. Well structured, this wine needs some time to open up. Releases fruit only slowly but in a quite persistent way. On the palate well structured with medium length.
